Note

1. The above fees assume that the manifold will be laid in the same location as the existing appropriately sized water connection. Additional fees will apply if a different connection location is required.
2. Only residential developments to be supplied via a manifold connection.
3. SA Water will only accept applications for water supply that cater for the entire Community Title development.
4. All requests for Manifold connections are subject to investigation and approval by an Investigating Officer. The relevant fee will only be accepted if approval has been given.
5. For more information, please refer to either the Community Title Water Requirements - New Developments or the Community Title Water Requirements - Existing Developments Information Sheet.
