

**Attention: History, SOSE, Arts teachers 6-12**

## ***The SA Water Design a Toilet of the Future Competition***

Challenge your students to become a designer and create a toilet of the future. The two most innovative designs win prizes for the creator and their school!

During History Week 2010 (May 21-30) the SA Water Learning Centre is presenting *Toilets Through Time: History of South Australian Sewers*. Visit [www.sawater.com.au/education](http://www.sawater.com.au/education) for more information.

In conjunction with this program The SA Water Design a Toilet of the Future Competition encourages students in Years 6-12 to explore the range of issues around the management of human waste. Entries may be displayed in the Learning Centre.

Methods of waste collection have varied throughout history around the world. What things in the future should be considered in managing waste?

How might the methods of waste collection and disposal change?

How might a future toilet function?

### **What students are asked to do?**

Create a design on paper or electronically (no models please, only one design per student)  
Write in less than 500 words why their design is a good one  
Complete the official entry form and note the conditions of entry

### **Prizes**

Winning entry:                 \$250 Australian Geographic voucher for their personal use  
  \$300 wastewater-themed book pack for their school library

Runner up:                         \$150 Australian Geographic voucher for their personal use  
  \$200 wastewater-themed book pack for their school library

### **Conditions of Entry**

*Only entries received within this period will be accepted.*

Competition begins:   **9.00am Monday 8 February 2010**

Competition ends:     **5.00pm Friday 14 May 2010.**

Please read the full **Terms and Conditions** at

[http://www.sawater.com.au/SAWater/Education/TeacherStudentResources/Loo\\_Comp\\_tition.htm](http://www.sawater.com.au/SAWater/Education/TeacherStudentResources/Loo_Comp_tition.htm)

This program / event is the result of a partnership between SA Water and the Department of Education and Children's Services. It is part of Outreach Education, a team of DECS teachers based in public organisations.

# Design a Toilet of the Future Competition

## Official Entry Form

### Your Details

First name: \_\_\_\_\_ Surname: \_\_\_\_\_

Year level: \_\_\_\_\_

Home address: \_\_\_\_\_

Parent name: \_\_\_\_\_ Contact Number: \_\_\_\_\_

Home Address: \_\_\_\_\_

### School Details

School Name: \_\_\_\_\_

School Address: \_\_\_\_\_

In less than 500 words describe why your idea for a toilet design is a good one. (You may attach on a separate page)
