

Information Sheet

Wastewater Connection

Service

If a sewer main is available, SA Water will endeavour to construct a wastewater connection to the property within 20 business days of receiving your required information / plans and payment.

Current [SA Water fees and charges](#) can be viewed at this link.

Connection sizes

Service options for wastewater connection sizes are 100mm, 150mm and larger than 150mm. The size of the connection will be determined by the number of fixture units within the property. The size for a standard house is 100mm. 150mm and larger are subject to approval.

Plumbing requirements

- The connection and application fee includes the provision of a new connection from the sewer main into your allotment. The application fee is payable for connection to an existing wastewater connection on your property. A licensed plumber must undertake the work of connecting internal drains to our wastewater connection.
- Most major building companies within South Australia include the application fee in their contract as well as a 'standard' length connection of internal drains to the connection point. Any variations, such as payment of the 'Connection and Application' fee and additional length of connecting pipe are normally not covered by the standard building contract.
- For larger allotments, additional internal drain costs should be factored in when estimating the cost of connecting to our wastewater connection. We do not provide an estimate of the costs involved as the costs can vary greatly from site to site.
- When the work is completed it is an SA Water requirement for the licensed plumber to submit a property wastewater as-constructed plan.

Customer application

Information we need from you

- Your name, postal or email address, fax and phone number.
- Your property address and owner's name.

Optional

- A plan showing where the wastewater connection is required. If the nominated position is not technically possible, the position will be determined by SA Water. If the payment is received without the nominated connection position, the default position will apply.

Making an application

100mm application

- In some instances, you can call SA Water Connections Call Centre on 1300 650 951, and have the application and payment processed over the phone.
- Email cc@sawater.com.au and specify your requirements.
- You can complete the application online at:
<http://www.sawater.com.au/SAWater/DevelopersBuilders/ServicesForDevelopers/ConnectionApplication.htm>
- Write to SA Water, Land Development & Connections, GPO Box 1751, Adelaide 5001, or fax to (08) 7003 1118.

The financial quote provided will be valid for 60 calendar days from the date of issue.

Applications requiring approval

- For a 150mm connection.
- Any wastewater connection larger than 150mm.
- You will need to provide a Survey / Building plan at all times.

The financial quote provided will be valid for 60 calendar days from the date of issue.

Application payment

By mail

Send a cheque or money order payable to SA Water.

By telephone

For easy payment by Visa or MasterCard, call 1300 650 951.
Credit payments must be in full and no more than \$10 000.

For further information call 1300 650 951
