

**WEED MORE
WATER LESS**
enjoy
**a garden
with less stress**

Weeds will always compete for water, space, light and nutrients. They can also host plant diseases and pests.

When tackling your weeds learn about their growing habits so you can apply the appropriate treatment.

Research plants native to your area – plants from other parts of Australia may suit our conditions but check their watering requirements and weed potential.

Save money and water with a water efficient garden goods rebate of up to \$100 when you spend \$250 on eligible water efficient garden goods.

Visit www.sawater.com.au or call 1800 130 952 for details.

For more handy tips consult your local nursery or garden centre.
