Notes:

* Water and Sewerage customers may be eligible for exemption from rating on abuttal.

Note: Pursuant to the Water Industry Regulations 2012 (regulations 38) and Government Gazette 6 June 2013, SA Water may levy an availability charge despite the fact that the land is not connected to SA Water's infrastructure. All charges for sewerage services and the availability charge for water applying to commercial properties are based on the property valuation of the land. Property values are set annually by the Valuer-General for the next financial year.

Fees and charges notes

Notes:

Where GST applies, the fee is stated inclusive of GST

** Charge for standard connections only, refer to connections policy for non-standard connections

***Schedule 8 of the Land and Business (Sale and Conveyancing) Regulations 2010 prescribes fees for applications made for land and business sales enquiries and Schedule 1 of the Water Industry Regulations 2012 prescribes fees for applications for other similar enquiries. SA Water has determined that it will charge the fee stated in this notice for both categories of application.

^Charges for 100% only, refer to Augmentation Policy fees and charges schedule for multipliers applicable to properties that are residential, multiple dwellings, commercial/industrial, and reserves.
