## General Conditions for Granting Permits:

SA Water may issue permits under Part 6 of the Water Industry Regulations 2012

1. The submitted application must be filled out with each applicable section completed and signed by the SA Water Account holder/s or tenant/s of the property for which the permit is being applied for. If the tenant has completed the application form, section 2 must be filled out and signed by the SA Water account holder/s of the property where installation will take place.
2. Appropriate access to the property for which the permit is being applied for will be provided to enable the South Australian Water Corporation to conduct a site audit should further information be required to complete the approval process and/or to ensure the terms and conditions of the approved permit are being adhered to.
3. Appropriate documentation is attached with the application. (refer to section 4)
4. The SA Water account holder/s and or tenant/s must demonstrate a commitment to water efficiency initiatives on the property for which the permit is being applied for. (refer to section 5)
5. If approved, concrete pools will be provided with a 60 day period to fill and fibreglass, above ground and temporary pools will be provided with a 30 day period to fill from the requested date nominated on the application form.
6. All specific requirements contained within the permit including full terms and conditions must be adhered to.
7. Information provided on the application form which is related to the swimming pool may be used for statistical and benchmarking purposes. Personal information will not be disclosed except in accordance with SA Water's privacy policy a copy of which can be found at SA Water's website <http://www.sawater.com.au>.
8. SA Water supplied drinking water must not be used contrary to the current Water Wise Measures until formal written advice from SA Water Corporation advising that an exemption request has been granted, failure to comply may result in a fine being imposed.
9. It is the applicant's responsibility to ensure that all relevant fencing and other safety requirements are met prior to filling your pool. SA Water does not monitor compliance with planning, building or safety regulations that apply to pools and spas and accepts no responsibility in this regard. The issue of a permit only operates to authorise the filling of a pool with drinking water and does not relieve the permit holder from complying with applicable legislation such as planning, building and safety requirements. Please visit the Swimming Pool and Spa Association of South Australia website <http://www.spasasa.com.au/> or contact your local council for swimming pool/spa safety and regulations.
