

Claiming Septic Waste Disposal Discount

SA Water is providing this service to the community to assist them in recovery from the impacts of the recent storm event.

This form identifies that the resident's septic system has been impacted by flooding from the recent storm events and that they are eligible for a discounted rate for disposal of their septic system waste.

Residents Address: _____

You (the resident) must provide this form to your septic waste removal contractor for a discounted rate.

Your septic waste removal contractor will present this form at the Bolivar or Christies Beach Wastewater Treatment Plant. You should see a reduction in costs incurred for disposal of your septic waste, in-line with SA Water's normal charge of **\$38.77 for each kL** for septic waste disposed.

OFFICE USE ONLY
