

Get involved in KI's water future

SA Water is committed to providing a safe, reliable and sustainable water supply to Kangaroo Island community.

We're looking for your input as we update our long-term water supply plan for the island that will enable it to continue to flourish.

TAKE PART & INFLUENCE OUR SUPPLY PLAN

To take part in the review, register your interest by emailing KIPlan@sawater.com.au

SA Water is South Australia's leading provider of water and sewage services for around 1.6 million people.

For more than 160 years, we've been delivering a reliable supply of safe, clean water.

KANGAROO ISLAND WATER SUPPLY

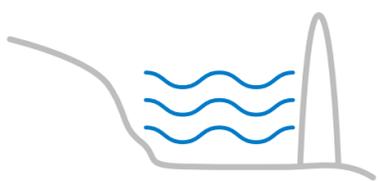

4259 RESIDENTS LIVING ON 4405KM² OF LAND

We provide water services across Kangaroo Island from two supply sources.

MIDDLE RIVER RESERVOIR

Since 1968

1500+

pipe connections
