

Water Bottle Request Form

Tap water is one of the best choices you can make for your health, your wallet, and the environment.

Did you know that around two thirds of our body weight is water? That's why it's important to drink water and replace loss from your body through everyday functions and perspiration. Single use plastic water bottles impact the environment when they are made and continue their impact on the environment long after the drink they held has been consumed. It's for these reasons that we're encouraging South Australians to Bring Your Own Bottle.

To request BYOB water bottles, please complete this form and return by email to communitypartnerships@sawater.com.au

or

post to **Community Partnerships Program, PO Box 1751, Adelaide SA 5001**

Please note: Applications must be submitted a minimum of 2 weeks prior to the date of the event.
