Dear Mr Mullighan

Freedom of Information – Internal Review Determination

I refer to your internal review application made under the *Freedom of Information Act, 1991* ("the Act") received by SA Water on 11 June 2019, seeking a review of SA Water's determination made in response to your request for:

"All documents, minutes, briefings, emails, notes and agendas relating to meetings between SA Water and the Minister for Environment and Water" – Date range 19/03/2018 to 13/02/2019.

Your application for internal review confirms that you seek a review of the partial release of numerous documents, the failure to disclose attachments to meeting agendas and the refusal to release document 49 based on clause 7(1)(c).

An internal review has been undertaken and, in my capacity of Principal Officer, I wish to advise that the original determination, which was taken to provide you access to 55 documents, partial access to 20 documents, and refuse you access to one document, has been varied.

Subsequently, I have determined to provide you with full access to 56 documents, partial access to 19 documents and refuse access to one document, as reflected in the updated document schedule.

Following confirmation from key staff, no additional attachments to the meeting agendas were provided to the Minister's office outside of those discovered in scope of your initial request. Therefore, no additional documents have been considered for release in this regard.

Section 20 of the Act provides that an agency may refuse access to a document, or sections of a document, if the information is considered exempt pursuant to the provisions listed under Schedule 1 to the Act (Exempt documents). The document and sections of documents which I consider exempt and the reasons for the exemption are explained in more detail below.

Cabinet Documents

Clause 1(e) of Schedule 1 to the Act states:

(1) *A document is an exempt document—*

...

- (e) *if it contains matter the disclosure of which would disclose information concerning any deliberation or decision of Cabinet;*

Pursuant to clause 1(e) of Schedule 1 to the Act, SA Water's initial determination refused access to sections of 15 documents which contained discussion regarding the deliberations or decisions of Cabinet. Upon review, I have determined to vary the initial determination and provide you access to several sections of documents 9, 17, 38, 43, 59, 62 and 67. It is my opinion that disclosure of this information would not constitute a breach of Cabinet confidentiality.

However, it is my opinion that disclosure of some sections of documents 14, 17, 23, 27, 29, 34, 38, 41, 43, 62, 66, 67, 72 and 75 would reveal a decision or recommended approach deliberated by Cabinet. Therefore, the initial determination in relation to sections of these documents is confirmed.

Documents affecting personal affairs

Clause 6(1) of Schedule 1 to the Act states:

- (1) *A document is an exempt document if it contains matter the disclosure of which would involve the unreasonable disclosure of information concerning the personal affairs of any person (living or dead).*

Pursuant to clause 6(1) of Schedule 1 to the Act, SA Water's initial determination refused access to sections of 13 documents which contained the email address details of several individuals, including my email address as the SA Water Chief Executive.

Given the unrestricted public access that is afforded to a document once determined for release under the Act, it is my opinion that disclosure the email addresses contained within documents 14, 27, 43, 45, 48, 53, 55, 59, 62, 66, 67 72 and 75, would likely lead to an increase in phishing and spam email traffic from external sources. Therefore, I consider disclosure to be unreasonable and confirm the initial determination.

Documents affecting Business affairs

Clause 7(c) of Schedule 1 to the Act states:

- (1) *A document is an exempt document—*

...

- (c) *if it contains matter—*

- (i) *consisting of information (other than trade secrets or information referred to in paragraph (b)) concerning the business, professional, commercial or financial affairs of any agency or any other person; and*
- (ii) *the disclosure of which—*
 - (A) *could reasonably be expected to have an adverse effect on those affairs or to prejudice the future supply of such information to the Government or to an agency; and*
 - (B) *would, on balance, be contrary to the public interest.*

Documents 49 is an email exchange between the Chair of the SA Water Board and the Minister for Environment and Water providing a confidential briefing in relation to the Minister's upcoming water industry round table meeting. The briefing contains background analysis of water industry representatives and strategic advice regarding South Australian water industry export opportunities.

Pursuant to clause 7(1)(c) of Schedule 1 to the Act, SA Water's initial determination refused access to Document 49. It is my opinion that disclosure of this document would reveal options available to the Government to explore attractive international market opportunities, resulting in a revenue boost for South Australian businesses. As outlined in the initial determination, international and interstate competitors would likely use this information to gain a better understanding of South Australia's export capabilities and preferred areas of investment which would lead to an increase in competition, resulting in a decrease to South Australia's market share.

In addition to the public interest factors outlined in the initial determination regarding the water industry's contribution to South Australia's economic growth, it is my opinion that disclosure of this document would damage the water industry in general resulting in decreased revenue for many South Australian businesses. Therefore, I consider disclosure of this document to be, on balance, contrary to the public interest and I confirm the initial determination.

If you are unhappy with this determination you are entitled to exercise your rights of external review by submitting a request to the South Australian Ombudsman. Alternatively, you can apply to the South Australian Civil and Administrative Tribunal (SACAT). If you wish to seek a review, you must do so within 30 calendar days of receiving this internal review determination. For more information about seeking a review, please contact the Ombudsman's Office on telephone (08) 8226 8699 or SACAT on 1800 723 767.

In accordance with the requirements of the Premier and Cabinet Circular PC045, details of your FOI application, a copy of this notice of determination, a schedule of documents and the documents to which you have been given access, will be published on the SA Water website FOI disclosure log. A copy of PC045 can be found at <http://dpc.sa.gov.au/what-we-do/services-for-government/premier-and-cabinet-circulars>.

Should you require any further information please contact the SA Water FOI Officer, Mr Ben Roberts on telephone (08) 7424 1777 or email freedomofinformation@sawater.com.au

Yours sincerely

Roch Cheroux
PRINCIPAL OFFICER

Subject: Meeting date - 18 June

Hi Meg

We have confirmed 14 May and 12 June meetings in the diary.

The only date that Roch couldn't make is 18 June as they will be regional for meetings.

Did you want to miss a meeting that week? Or we could possibly look at moving the 12 June meeting to later that week so not as long between meetings. I think you mentioned the Minister had no availability later that week though.

Thanks

Roch Cheroux
Chief Executive
SA Water
GPO Box 1751
ADELAIDE SA 5001

Dear Mr Cheroux,

Master Builders SA is concerned that a recent policy decision by SA Water will have a negative impact on housing affordability. We are interested to discuss a potential solution.

SA Water has recently amended its developer agreement, introducing a new requirement that SA Water and all third parties undertaking civil infrastructure works that will be handed over to SA Water need to be named on the developer's Public Liability Insurance policy.

I understand this is a whole of industry change.

Previously, our members have required all contractors and subcontractors that they engage to undertake any development /civil works to hold their own public liability insurance.

Following this SA Water amendment, the insurance industry has advised that the inclusion of such contractors alters a builder's "risk rating", and could significantly increase their annual premium. These extra charges will be passed on and this will affect the cost of land and in turn housing affordability.

A proposed solution to mitigate this risk for SA Water and minimise any potential insurance premium increase would be to:

- just name SA Water on the builder's Public Liability insurance , and
- amend the SA Water Developer Agreement to ensure all contractors also name SA Water.

Master Builders SA is concerned about how the situation as it stands will affect housing affordability, and is seeking a meeting to discuss the proposed solution. Please contact myself on 8211 7466 or Policy and Communications Manager Will Frogley on 8122 4990.

Yours sincerely,

Ian Markos
Chief Executive Officer
Master Builders SA

Hi there Lisa

I hope you had a great long weekend!

I've attached an updated agenda for tomorrow's meeting with the Minister.

Also, we will leave the meetings in the diary on 23 & 30th July (when Roch is on leave), in case there is something that comes up for discussion.

Thanks

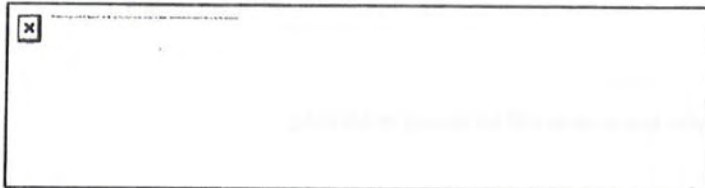

Sharon

Hi Andrew

Happy to confirm the Minister will visit on the 3rd October to look at the SA Water Laboratories. will send a meeting request to you.

Let me know when your Director is back and we can then plan for a visit to the Comms area.

I understand the Minister also wants to catch up with you one on one, so will look towards a time for that too.

I am leaving the office at 1 today, so may not be in touch until tomorrow morning.

with kind regards

No problems Rosie.

Can we save the spot on October 3rd so we can show the Minister the SAW Laboratories which are a major income earner for SAW and do work all round Australia and overseas. They are highly regarded internationally for the quality of their services.

We can reorganise the other presentation in a month's time.

Hi Lisa

Please find attached an updated agenda for discussion between Chair and CE of SA Water and Minister.

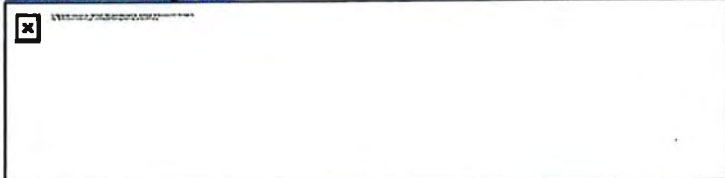

Firstly, I may need to defer the meeting for a matter Minister has to deal with on Monday, but I can't confirm at present. Will let you know as early as possible. If deferral, I can't do another time on Monday, it will most likely be week after.

Secondly, do you have any papers to go with the agenda items you have listed? a little context might be of assistance.

I would appreciate your advice.

Meeting:	Minister : Board Chair and CE SA Water Meeting Monday, 10 December 2018 3.15 pm – 4.00 pm Minister's Office
Attendees:	Minister David Speirs MP, Cullen Bailey, Andrew Fletcher, Roch Cheroux, Aaron Tai, Emily Carey
Items for discussion:	<p>Minister's Items</p> <ol style="list-style-type: none"> 1. Adelaide Desalination Plant <ul style="list-style-type: none"> ◦ The Minister gave an overview of his recent visit to the ADP with the Hon David Littleproud MP, Federal Minister for Agriculture and Water Resources and discussion about future options for using the ADP should federal funding be made available. 2. Type 1 incident – Wilmington <ul style="list-style-type: none"> ◦ The Minister questioned the water quality issues in Wilmington due to a number of water incidents this year, the most recent being Friday, 7 December 2018. ◦ The CE SA Water provided advice on the five recorded incidents that have occurred since January 2018, each incident being independent of the others, and advised that a capital project relating to upgrades for Wilmington is planned. ◦ In relation to the most recent incident, CE SA Water advised that further tests are underway on which DHA will advise if supply can continue or a decision be made to cart water into Wilmington. 3. Linear Park upgrade: Underdale to Torrensville <ul style="list-style-type: none"> ◦ The Minister conveyed concerns raised on the progress of the Linear Park upgrade. ◦ CE SA Water provided background information along with how the works will now progress to finalise the Linear Park upgrade. ◦ A brief discussion was held regarding possible future strategy for the management of the River Torrens being considered as part of the Green Adelaide initiative. 4. Rubber Gaskets

	<ul style="list-style-type: none"> o A discussion was held regarding rubber gaskets used by SAW and that SA Water has changed supplier while the previously used rubber gasket undergoes certification.
	<p>Board Chair & Chief Executive, SA Water Items</p> <p>1. Franklin Harbour Council, North of Cowell <small>Clause 1 - Cabinet Documents</small></p> <p>2. Charter and Performance Statement</p> <ul style="list-style-type: none"> o A discussion was held regarding the wording within the Charter and Performance Statement supporting the opening up of 3 reservoirs. The wording to be revisited to reflect the overall plan and timeframes - 1 by Easter and 2 by Summer 2019 and the fact that the taskforce is led by DEW. o A target around management of water main breaks to also be incorporated. <p>3. Recreational access to reservoirs</p> <ul style="list-style-type: none"> o CE SA Water advised that progress on opening up the Myponga reservoir is on track to meet the target date of Easter 2019. o The Minister noted that the Premier may do the opening and that there may be a visit planned prior to this. o The Minister provided positive feedback on the Communications being undertaken by SA Water. <p>4. Board remuneration <small>Clause 1 - Cabinet Documents</small></p> <p>5. Infrastructure Roundtable</p> <ul style="list-style-type: none"> o It was noted that an invitation from UDIA to CE SA Water, to attend a roundtable meeting, will mean he will be an apology to the presentation to the Minister by Senior Manager, Communication and Engagement. <p>6. Industry Development</p> <ul style="list-style-type: none"> o It was agreed that a strategic discussion be held at the next meeting of 10 December 2018 with a view to agreeing a way forward. <p>Meeting Closed at 4.10pm</p>

Hi Rosie

I spoke with Andrew and both he and Roch have the following availability:

20 August – anytime from 2pm

17 September – Roch has a meeting at DEW from 3pm to 4pm so could meet before or after

19 November – anytime from 2pm

Let me know if this would work for the Minister.

Have a good weekend if we don't touch base today.

Thanks
